

PUBLICATIONS (October 2008)

- Wenzel, J. W. 1987a. Male reproductive behavior and mandibular glands in *Polistes major* (Hymenoptera: Vespidae). *Insectes Sociaux* 34: 44-57.
- Wenzel, J. W. 1987b. *Ropalidia formosa*, a nearly solitary paper wasp from Madagascar (Hymenoptera: Vespidae). *J. Kansas Entomological Society* 60: 549-556.
- Wenzel, J. W. 1987c. Quantitative analysis of variation in *Polistes* nest architecture. Page 143, In J. Eder and H. Rembold, eds., *Chemistry and Biology of Social Insects*, Verlag J. Peperny, Munich. [Abstract]
- Smith, B. H. & J. W. Wenzel. 1988. Pheromonal covariation and kinship in social bee *Lasioglossum zephyrum* (Hymenoptera: Halictidae). *J. Chemical Ecology* 14: 87-94.
- Carpenter, J. M. & J. W. Wenzel. 1988. A new species and nest type of *Mischocyttarus* from Costa Rica, with descriptions of nests of three related species. *Psyche* 95: 89-99.
- Wenzel, J. W. 1989. Endogenous factors, external cues and eccentric construction in *Polistes annularis* (Hymenoptera: Vespidae). *J. Insect Behavior* 2: 679-699.
- Carpenter, J. M. & J. W. Wenzel. 1989. Synonymy of the genera *Protopolybia* and *Pseudochartergus* (Hymenoptera: Vespidae, Polistinae). *Psyche* 96: 177-186.
- Wenzel, J. W. 1990a. A social wasp's nest from the Cretaceous period, Utah, USA, and its biogeographical significance. *Psyche* 97: 21-29.
- Wenzel, J. W. 1990b. Nest design and secondary functions of social insect architecture. Page 657-658. In G. K. Veeresh, B. Mallik and C. A. Viraktamath, eds., *Social Insects and The Environment*, Oxford & IBH Publ. Co., New Delhi. [Abstract]
- Espelie, K. E., J. W. Wenzel, & G. Chang. 1990. Surface lipids of the social wasp *Polistes metricus* Say and of its nest and nest pedicel and their relation to nestmate recognition. *J. Chemical Ecology* 16: 2229-2241.
- Wenzel, J. W. 1991. The evolution of nest architecture in the social vespids. Pages 480-519. In K. G. Ross and R. W. Matthews, eds., *Social Biology of Wasps*, Cornell Univ. Press, Ithaca.
- Wenzel, J. W., & J. Pickering. 1991. Cooperative foraging, productivity, and the central limit theorem. *Proceedings of the National Academy of Science (USA)* 88: 36-38.
- Wenzel, J. W. 1992a. Extreme queen-worker dimorphism in *Ropalidia ignobilis*, a small-colony wasp (Hymenoptera: Vespidae). *Insectes Sociaux* 38: 31-43.
- Wenzel, J. W. 1992b. What do you get if you cross a cladist with a behavioral ecologist? *Cladistics* 8: 97-102. [Book review]
- Wenzel, J. W. 1992c. Les nids de guêpes sociale d'interêt historique conservés au MNHN Paris. [The social wasp nests of historical interest preserved in the MNHN, Paris.] *Revue Française d'Entomologie (N.S.)* 14: 1-11.
- Wenzel, J. W. 1992d. Behavioral homology and phylogeny. *Annual Review of Ecology and Systematics* 23: 261-281.
- Wenzel, J. W. 1993. Application of the biogenetic law to behavioral ontogeny: a test using nest architecture in paper wasps. *J. Evolutionary Biology* 6: 229-247
- Stubblefield, J. W., J. Seger, J. W. Wenzel, & M. M. Heisler. 1993. Temporal, spatial, sex-ratio and body-size heterogeneity of prey species taken by the beewolf *Philanthus sanbornii* (Hymenoptera: Sphecidae). *Philosophical Transactions of the Royal Society of London. B* 339: 397-423.
- Wenzel, J. W., & J. M. Carpenter. 1994. Comparing methods: Adaptive traits and tests of adaptation. Pages 79-101. In P. Eggleton and R. Vane-Wright, eds., *Phylogenetics in Ecology*. Harcourt Brace & Co., London.

- Wenzel, J. W. 1994.** Colony-level homeostasis in nest architecture of *Polistes*. Page 293. In A. Lenoir, G. Arnold, and M. Lepage, eds., *Les Insectes Sociaux*. Publications Université Paris Nord. [Abstract].
- Miller, J. S., & J. W. Wenzel. 1995.** Ecological characters and phylogenetic inference in the study of insects. *Annual Review of Entomology* 40: 389-415.
- Karsai, I., & J. W. Wenzel. 1995.** Nests built on the dorsum of conspecifics in *Polistes*: the value of anomalous behavior. *Animal Behaviour* 50: 1429-1431.
- Farris, J. S., M. Kallersjo, V. A. Albert, M. Allard, A. Anderberg, B. Bowditch, C. Bult, J. M. Carpenter, T. M. Crowe, J. De Laet, K. Fitzhugh, D. Frost, P. Goloboff, C. J. Humphries, U. Jondelius, D. Judd, P. O. Karis, D. Lipscomb, M. Luckow, D. Mindell, J. Muona, K. Nixon, W. Presch, O. Seberg, M. E. Siddall, L. Struwe, A. Tehler, J. Wenzel, Q. Wheeler and W. Wheeler. 1995.** Explanation. *Cladistics* 11: 211-218
- Wenzel, J. W. 1996.** Learning, behaviour programs, and higher-level rules in nest construction of *Polistes*. Pages 58-74. In S. Turillazzi and M. J. West-Eberhard, eds., *Natural History and Evolution of Paper Wasps*. Oxford Press, Oxford.
- Carpenter, J. M., J. W. Wenzel, & J. Kojima. 1996.** Synonymy of the genus *Occipitalia* Richards, 1978, with *Clypearia* de Saussure 1854 (Hymenoptera: Vespidae; Polistinae, Epiponini). *Journal of Hymenoptera Research* 5: 157-165.
- Karsai, I., Z Péntzes, & J. W. Wenzel. 1996.** Dynamics of colony development in *Polistes dominulus*: a modeling approach. *Behavioral Ecology and Sociobiology* 39: 97-105.
- Wenzel, J. W. 1997.** When is a phylogenetic test good enough? *Memoires du Museum National D'Histoire Naturelle (Paris)* 173: 31-45.
- Wenzel, J. W. 1998.** A generic key to the nests of hornets, yellowjackets and paper wasps world-wide (Vespidae: Vespinae, Polistinae). *American Museum Novitates* #3224, 1-39.
- Karsai, I., and J. W. Wenzel. 1998.** Individual- and colony-level flexibility, productivity, and organization of work as consequences of colony size. *Proceedings of the National Academy of Science (USA)* 95: 8665-8669
- Kojima, J., J. W. Wenzel, J. M. Carpenter. 1998.** The types of *Icaria galimatia* de Saussure 1853 and *I. ignobilis* de Saussure, 1990, with establishment of their synonymy (Hymenoptera: Vespidae: Polistinae). *Entomological Science* 1: 393-401
- Wenzel, J. W., and M. E. Siddall. 1999.** Noise. *Cladistics* 14: 51-64.
- Blackledge, T. A., and J. W. Wenzel. 1999.** Do stabilimenta in orb webs attract prey or defend spiders? *Behavioural Ecology* 10: 372-376.
- Carpenter, J. M., and J. W. Wenzel. 1999.** The relative abundance of swarm-founding social wasps in the Congo Basin (Insecta: Hymenoptera; Vespidae, Polistinae). *Natural History Bulletin of Ibaraki University* 3: 9-14.
- Karsai, I., and J. W. Wenzel. 2000.** Organization and regulation of nest construction behavior in *Metapolybia* wasps. *Journal of Insect Behavior*: 13: 111-140.
- Carpenter, J. M., J. -I. Kojima and J. W. Wenzel. 2000.** Polybia, paraphyly, and polistine phylogeny. *American Museum Novitates* 3298. 24pp.
- Blackledge, T. A., and J. W. Wenzel. 2000.** The evolution of cryptic spider silk: A behavioral test. *Behavioural Ecology* 11: 142-145.
- Pickett, K. M, A. McHenry, and J. W. Wenzel. 2000.** Nestmate recognition in the absence of a pheromone. *Insectes Sociaux* 47: 212-219.
- Pickett, K. M, and J. W. Wenzel. 2000.** High productivity in haplometrotic colonies of the introduced paper wasp *Polistes dominulus* (Hymenoptera: Vespidae; Polistinae). *J. New York Entomol. Soc.:* 108: 314-325
- Blackledge, T.A. and J.W. Wenzel. 2001.** State-determined foraging decisions and web architecture in the spider *Dictyna volucripes* (Araneae, Dictynidae). *Ethol. Ecol. Evol.* 13: 105-113

- Blackledge, T.A. and J.W. Wenzel. 2001.** Silk mediated defense in an orb-web spider against predatory mud dauber wasps. *Behaviour*. 138: 155-172.
- Pickett, K.M., Osborne, D.M., Wahl, D., and Wenzel, J.W. 2001.** An enormous nest of *Vespula squamosa* from Florida, the largest social wasp nest reported from North America, with notes on colony cycle and reproduction. *J. NY Ent. Soc.* 109: 408-415.
- Branham, M.A. and J.W. Wenzel. 2001.** The Evolution of Bioluminescence in Cantharoids (Coleoptera: Elateroidea). *Florida Ent.* 84: 565-586.
- Simmons, M.P., C.P. Randle, J.V. Freudenstein, and J.W. Wenzel. 2002.** Limitations of relative apparent synapomorphy analysis (RASA) for measuring phylogenetic signal. *Molecular Biology and Evolution* 19(1):14-23.
- Wenzel, J. W. 2002.** The role of the Willi Hennig Society in Systematics. *Cladistics* 18: 1-3.
- Bucheli, S.R., J. -F. Landry, and J. W. Wenzel. 2002.** Larval case architecture and implications for host plant associations in North American *Coleophora* (Lepidoptera: Coleophoridae). *Cladistics* 18: 71-93.
- Wenzel, J. W. 2002.** Phylogenetic analysis: The basic method. Pages 4- 30, *in* R. DeSalle, G. Giribet, and W. Wheeler, eds., *Techniques in Molecular Systematics*, Birkhäuser, Basel.
- Branham, M.A., R.A. Broadley, and J.W. Wenzel. 2003.** Bioluminescence in insects. Pp. 33-36 *In*: Yearbook of Science and Technology, 2003. McGraw-Hill Publishers, New York
- Branham, M.A. and J.W. Wenzel. 2003.** The Origin of Photic Behavior and the Evolution of Sexual Communication in Fireflies (Coleoptera: Elateroidea). *Cladistics* 19: 1-22.
- Freudenstein, J. V., K. M. Pickett, M. P. Simmons, and J.W. Wenzel. 2003.** From basepairs to birdsongs: phylogenetic data in the age of genomics. *Cladistics* 19: 333-348.
- Wenzel, J.W. 2003.** A user's guide to the tree of life. *Cladistics* 19: 376-378. [Book Review].
- Wenzel, J.W. 2004.** Why I Teach Introductory Courses. Pages 21-28 *In*: Talking About Teaching. Ohio State University Academy of Teaching.
- Wenzel, J.W., K. C. Nixon, and G. Cuccodoro, 2004.** Dites non au Phylocode! *Bulletin de la Société Française de Systématique* 31: 19-23.
- Pickett, K. M. and J. W. Wenzel. 2004.** Phylogenetic analysis of the New World *Polistes* (Hymenoptera: Vespidae) using morphology and molecules. *Journal of the Kansas Entomological Society*. 77: 742-760.
- Noll, F. B., J. W. Wenzel, and R. Zucchi. 2004.** Evolution of caste in Neotropical swarm-founding wasps (Hymenoptera: Vespidae; Epiponini). *American Museum Novitates* #3467, 1-24.
- Pickett, K. M., S. R. Rissing, and J. W. Wenzel. 2005.** Iconoclasts of Evolution: Haeckel, Behe and Wells and the ontogeny of a fraud. *American Biology Teacher* 67:270-277.
- Bucheli, S.R., and J. W. Wenzel. 2005.** Gelechioidea (Insecta: Lepidoptera) systematics: A reexamination using combined morphology and mitochondrial DNA data. *Molecular Phylogenetics and Evolution* 35: 380-394.
- Pickett, K. M., G. L. Tolman, W.C. Wheeler, and J. W. Wenzel. 2005.** Parsimony overcomes statistical inconsistency with the addition of more data from the same gene. *Cladistics* (21) 438-445 .
- Bucheli, S.R., D. Horn, and J. W. Wenzel. 2006.** Biodiversity of Gelechioidea (microlepidoptera): Sampling to assess a re-established Appalachian forest in

- Ohio based on gelechioid moths (Lepidoptera: Gelechioidea). *Biodiversity and Conservation* 15: 503-516.
- Naug, D., and J. Wenzel. 2006.** Constraints on foraging success due to resource ecology limit colony productivity in social insects. *Behavioral Ecology and Sociobiology* 60: 62-68.
- Abdul-Salim, K., M. Daly, J.V. Freudenstein and J.W. Wenzel. 2006.** Report on the Ohio State University workshops in phylogenetic methods. *Cladistics* 22: 387-389.
